SHIPPING

Our policy is that of non-delivery, but we can arrange for trailer size orders to be shipped in decked trucks. In order to maintain our delivery schedule and to keep our freight costs low, you are responsible for providing sufficient help to unload your order. Our driver is there to assist, but is not required to unload without assistance. In the event we are detained beyond reasonable terms and/or need help unloading extra fees will apply.

SALES TAX

Under the New Jersey Sales and Use Tax Act, we are required to collect a tax of 7% on all gross sales made in New Jersey, unless we are presented with a valid Sales Tax Exemption Certificate (ST-3) at the time of purchase. Deliveries to out of state customers are exempt. Sales to landscape contractors are not tax exempt.

GUARANTEE

We give no warranty, expressed or implied, as to the life, quality, productiveness, or any other manner, of the nursery stock we sell. We are not liable for losses due to strikes, delays of carriers, fires, or any others causes beyond our control. We book orders on the understanding that the same shall be void should injury befall the stock due to hail, frost, or any other causes beyond our control. The plants material becomes the responsibility of the carrier within 5 days. We do our best to insure that the plants we sell are true to name and description, but we assume no responsibility for any item or items that are misrepresented. We shall in no case be liable for any sum greater than the amount originally received for said plants.

“SPOTLIGHT”
A FEW NEW ITEMS IN OUR CATALOG!

Agastache ‘Peachie Keen’

A compact form of Agastache that forms a dense rounded clump of silver/green foliage topped with spikes of peach flowers. Blooms from mid to late summer. Grows in the full sun, heat and drought tolerant, and very deer resistant. Great plant for a tough spot.

Hydrangea arb. Incrediball® Blush

We love Incrediball® for their massive blooms on stout stems. Incrediball® Blush is the newest addition to this series and sports blush pink blooms instead of white. When planted with the traditional white it creates an even more breathtaking display!

Hydrangea mac. Endless Summer™ Bloomstruck®

This member of the Endless Summer™ collection boasts red stems with dark green leaves, along with the usual showy pink/blue blooms. Improved heat tolerance and stronger stems complete the package of what I consider the nicest hydrangea we grow.

Ilex Gem Box®

A compact native evergreen, Gem Box® can be used as a substitute for boxwood. It responds very well to trimming for a nice formal look or feel free to just let it be to get that calm relaxed look. Grows 2-3’ tall and wide so if you’re getting tired of the same old boxwood look and want an alternative this is a great option.

Stachys ‘Pink Cotton Candy’

A terrific solution to finding color in a high deer traffic area. Deep green foliage is the perfect backdrop to the two-toned pink flowers that bloom from early to mid summer. Easy to grow and reliable make Stachys a viable option in any landscape.

Festucca ‘Cool as Ice’ PPAF

The best heat tolerance of any festucca cultivar, ‘Cool as Ice’ emerges grey/green in the spring and turns to a beautiful fine blue throughout the summer. Salt tolerant and grows 12-18”

Just another “something different” to change the look of a landscape.
